EDUCATION

Federal University of Agriculture Abeokuta, P.M.B 2240,
Alabata road, Abeokuta, Ogun state — *BENG.*

December 2023 - December 2028

I am currently studying mechatronics engineering, a 5 years course that centers around mechanical, electronics and control systems. With this knowledge, one can create automated systems and build up AI, robotics and many other skills.

Power Learn Project, Online — *Certificate*

February 2024 - June 2024

Planning to dive into AI development later on, it is mandatory to know the basics of programming and software development as a whole. PLP(short for power learn project) teaches the basics of software development and helps advances into selected career choices. It centers around Africans also.

Hope Immaculate Comprehensive College(HICC), Obalende,
opposite old Ibadan Garage, Ijebu-Ode, Ogun state — *SSCE, NECO*

February 2024 - June 2024

Through secondary school days, I attended HICC(short for Hope Immaculate Comprehensive College). This built up a solid foundation for me.
